DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5, 7, 8, 10, 11, 14, 15 and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In line 9, Claim 1 recites, “wherein the at least one transport unit is pretensioned ...” It is actually the slide of the transport unit that is pretensioned. Since the transport unit includes a transport element that is not pretensioned (see line 4), it is unclear to describe the transport unit as pretensioned. Therefore, amending the phrase “wherein the at least one transport unit is pretensioned” to “wherein the slide is pretensioned” would overcome the 112 rejection.

Response to Amendment

Applicant’s amendments have overcome the prior art of record.

Allowable Subject Matter

Claims 1-5, 7, 8, 10, 11, 14, 15 and 17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
